Prickly Porcupines

Porcupines live in hollowed-out places like hollow logs or a cave-like rock arrangement. Every animal has several dwellings and uses the one closest to it when dawn breaks. They sleep during the day and eat during the night because they are nocturnal. The porcu-

pine eats leaves, twigs, seeds and fruits. Roots, small weeds, nuts, berries and flowers are also in the animal's diet. The porcupine can grow to be as big as 2 to 4 feet tall and can weigh up to 40 pounds and has a lifespan of 10 years. Its fur looks soft and cuddly, but if you get too close, some of its 30,000 quills may come shooting at you!

Worsham**

Cabot, AR

Vampire Bats

Although it's not the blood-thirsty terror in horror movies, this little bat that is not much bigger than a mouse, really does feed on the blood of other animals. Cows, pigs and horses are its favorite hosts. Vampire bats are only active during the darkest periods of night.

EDITOR'S NOTEBOOK

Dear Archie Readers,

In case you didn't notice, the Holiday Season is closing in on us. There are some people who are very organized when it comes to shopping for the holidays. They prepare lists and start buying gifts throughout the year. This is a great way to avoid that last-minute shopping frenzy. Not so, however, for your pal and mine, Archie Andrews. In this year's edition of ARCHIE'S CHRISTMAS STOCKING (#5), Archie goes into town to pick up a few of those last-minute gifts, only to find that the stores are all closed. The plot thickens when Archie meets the department store Santa. It seems "Santa" missed his bus and has no way of getting home. Archie volunteers to help him by taking him back to the Andrews' residence. The only problem is, Archie's dad is "Bah, Humbug!" when it comes to Santa Claus. Will Archie be able to keep Santa under "wraps"...or will Santa be caught "holding the bag?" Don't miss this annual holiday tradition. Get your own copy of this 48-Page Giant Special, on sale this month.

with delight. As you already know, Archie Comics publishes Sonic the Hedgehog, which is based on the truly successful SEGA video game. Well, SEGA's latest video game success, NIGHTS INTO DREAMS, is destined to take the comic

world by storm. The two stars of this series, Claris and Elliot, both dream of NIGHTS, a being capable of flying freely through the sky and performing amazing feats. But what is NIGHTS? A spirit? A memory?... Or just wild imagination. NIGHTS INTO DREAMS will be a three-issue mini-series. Issue number one will be on sale next month. Even if you've never played a video game before, the adventures you will experience in NIGHTS INTO DREAMS will have you crying out for an issue every month!

Want to learn more "stuff" about what's going on in the Archie universe? Visit our website at www.archiecomics.com! You'll find comic reviews, games, puzzles, talk back, history of the company and much more. Archie Online is a website for the whole family to enjoy.
